BANK

First Quarter 2011

Helpful Hints

Have you ever wondered what it would be like to have your financial information all in one place?

We have found a way to pull all your financial accounts into one place where you can set a budget, track your goals, and do more with your money, and IT IS FREE. It is called **Mint.com**.

Mint makes your life easier by automatically pulling all your financial information into one place; you can finally get the entire picture. It is simple and streamlined and only takes about five minutes to set up. Mint has a free mobile app which means you can track your money on-the-go.

If you are a budget and financial goals person, you will love having the ability to set your goals and track your progress on line or stay up to date with monthly emails.

One of the main questions you may have is, "Is it safe?". Mint has more than 4 million users who know their information is always secure. That's because they use 128-bit SSL encryption - the same security that banks use - and all data is protected and validated by VeriSign and TRUSTe. Plus, Mint is read-only, no money can be moved in or out of any account.

Outstanding Business Woman

Town & Country Bank would like to recognize Debbie Field as our Outstanding Business Woman. Debbie moved from Evanston, Wyoming in 1992 seeking warmer weather. She settled in the community of Kayenta with her son, Ryan and husband, Pete, where they built their home.

Debbie confesses to being an "organization freak," which has helped in her successful 17 years of Real Estate. She became one of the RE/MAX owners and while there, served as President of the board for one year. Although she

relinquished her ownership in 2007 to spend time with her mother who passed away in 2009, she retains ownership in two RE/MAX buildings.

Debbie's biggest accomplishment in her real estate career was serving as the President of the Washington County Board of Realtors on an education platform. Debbie holds five of the Realtor designations, which demonstrates her dedication to education and the real estate community.

Together, with her husband, Pete, Debbie owns a company that specializes in engineering and building pipeline welding tractors, which are sold or leased out nationally, and recently internationally.

Although Debbie is very serious about their business and her real estate career, she still finds time to trail ride on her horse, Gus, aka "No Fuss Gus". She stated, "I never thought sweeping stalls and cleaning up horse poop could be such great therapy. It has gotten me through some rough times."

Debbie has been a valued customer of Town & Country Bank since the triple-wide trailer days and loves the new bank building on St George Boulevard. When asked about her banking experience, Debbie said "I enjoy banking at Town & Country Bank mainly because everyone knows me by my first name. I love not having to wait in line to conduct my business. All of the employees are friendly, professional and available to assist me in my banking needs

and I know I can reach them at any time of the day by calling cell phones if need be. I enjoy popping in on Friday's for a mini-concert now and then."

Town & Country Bank recognizes Debbie Field for outstanding business achievement.
